Dealer Comments

White Diamond Tricoat 2014 Cadillac CTS Performance RWD 6-Speed Automatic 3.6L V6 DI VVT
Recent Arrival! 18/27 City/Highway MPG
Reviews: * Expressive design, impressive dynamic qualities and polished Cadillac character make all versions of the CTS appealing, but the all-new Sedan raises those benchmark qualities to new levels in all three areas. Source: KBB.com
* Sharp styling; elegant cabin with user-friendly electronics interface; available all-wheel drive. Source: Edmunds
* The CTS comes to you in the form of 3 distinct body styles a Sedan, a Coupe, and a Sport Wagon. CTS exudes a sleek appearance that questions everything. Its angular silhouette, unconventional edges and distinctive rooflines were all purposefully executed. Every aspect of its design has been crafted with a keen eye for detail. Signature vertical LED taillamps are longer lasting and more energy efficient than conventional bulbs and create a subtle fin that is pure Cadillac. The CTS displays an assertive, wide stance that gives it an aggressive bearing. More than a mere design statement, a wider stance achieves greater balance and increased responsiveness on the road. Every touchpoint in the CTS was thoughtfully placed for intuitive driver control. The motorcycle-inspired high-performance gauges are strategically placed and easy to read. Details begin to come alive under the warm glow of the available ambient lighting including the polished metal accents and elegant French stitching on the available supple leather seating surfaces. Power in the Sedan comes standard with a 272hp 2.0L turbo engine or you can opt for a 3.6L V6 with 321hp. The Sport Wagon comes with a 3.0L direct injection V6 with 270hp. The Sport Wagon also comes available with the same standard engine on the Coupe, a powerful 3.6L direct-injection V6 with 318hp. On all V-Line model these magnificent vehicles are powered by a 6.2L supercharged V8 with 556hp and 551 lb.-ft. of torque. The available precision-tuned All-Wheel Drive continuously adjusts power distribution to optimize traction and handling in inclement weather. Your personal command center. The interior includes an available navigation system with Voice Guidance, 3-D color imaging, rear-view camera, 10-speaker Bose 5.1 surround sound system, Bluetooth, USB port, and pause and play radio.
